NINETY-SIX BILLS.

Thirteen of Them Against Prom-
inent Republicans.

County Officers Among Those In-
dicted—Liquor Men Hit
Hard.

The grand jury that adjourned
Wednesday afternoon after a ses-
sion of 15 days has left behind it a
record as a working body seldom
equired in the county. W. W.
Radford, an energetic young farm-
er of Howell, was the foreman
and the way he turned out busi-
ness has established a record that
future grand juries will find it hard
to equal.

He took Judge Cook at his word
when the court directed an investi-
gation of election frauds and sum-
moned witnesses from both parties
to testify in regard to violations of
the law. The result is that
thirteen indictments were returned
against prominent Republicans,
white and colored, for all sorts of
violations of the much abused elec-
tion law. Commonwealth's At-
torney Howell has shown commenda-
ble activity in uncovering these of-
fenses and is determined to break
up these violations of law by a
vigorous prosecution. He says the
indictments returned by no means
represent the full extent of cor-
ruption disclosed. At least 20 in-
dictments for fraudulent registra-
tion and false swearing, against
white and black Republicans, might
have been returned, but there was
not time to handle the mass of testi-
mony brought before the grand
jury without taking another week.
Much of this evidence will come out,
he says, in the trials of the parties
indicted, and the public will be
astounded at the disclosures.

The following list shows that
some of the most prominent Republi-
cans in the county have been in-
dicted:

Jno. P. Prowse, making false
registration book precinct No. 1.

Jno. P. Prowse, same, precinct
No. 3.

Jno. P. Prowse, interfering with
election in precinct No. 1.

Polk Cansler, same.
Elbert Wiley and John Wicks,
same.

V. M. Williamson, unlawfully
opening ballot box and obtaining
ballots.

Elbert Wiley and John Wicks,
aiding and abetting above offense.
Jordan Barker, col., interfering
with school election Oct. 6, 1900.

John Knight, col., same offense.
Henry Quarles, col., minor, false
swearing to vote.

Chas. Shelby, col., illegal regis-
tration.

Lucian Wilcox, col., false swear-
ing.

Lucian Bowling, col., false
swearing.

The indictments against County
Clerk Prowse, Judge Cansler and
the other white men are the out-
growth of the irregularities of the
court house precinct last year that
resulted in invalidating the elec-
tion in that precinct. The indict-
ments were found on the testimony
of several prominent citizens.

The indictments against Simon
Wilcox and Chas. Shelby are ex-
amples of numerous others that
might have been found. Wilcox
registered at the supplementary
registration by affidavit and
Shelby appeared upon the books as
registered in one ward when he
lived in another. The other
colored men were indicted on the
testimony of colored witnesses,
the alleged offenses having
been committed in the election
of a colored school trustee last Sat-
urday.

Other Court Matters.

In addition to the above indict-
ments, 41 others were returned this
week. A large number of these are
against the saloon men for viola-

A SCENE IN COURT.

Youtsey Acts Life a Crazy Man
and Says Goebel Is Not
Dead.

Georgetown, Ky., Oct. 11.—There
was a scene in the court Tuesday
night that was intensely dramatic
while it lasted. Arthur Goebel was
put on the stand to testify regard-
ing a conversation he had with
Youtsey soon after the arrest of the
latter. He said that he had talked
on the subject of the killing of his
brother, but before he could give
any of the conversation Youtsey
jumped up, and waving his hands
wildly, said, "It is not true; it is a
lie. I never spoke a word to that
man in my life."

All efforts to quiet him were fruit-
less until the deputy sheriffs forced
him to a seat. His wife arose and
stood by him and said to Arthur
Goebel, "Now you have killed my
husband. I hope you are satisfied."
Youtsey cried out, "I am innocent.
There is no blood on my hands.
These men are trying to swear my
life away."

When he was at last reduced to
quiet by the deputy sheriffs the
prisoner moaned and said, "Goebel
is not dead. All the demons in hell
could not kill him." By this time
the excitement had thoroughly
overcome him, and the court was
compelled to adjourn. Youtsey
was carried to the jail being unable
to walk. He spent the night in a
critical condition.

The attorneys Youtsey appeared
in court yesterday and asked for a
postponement of the case, which
was granted until this morning at
9 o'clock. The defendant was in a
stupor nearly all day yesterday,
and was constantly attended by
two physicians. The general
belief is that Youtsey was only
temporarily unbalanced, and that he
is not insane. Belief in his guilt is
growing since his actions Tuesday
night. Youtsey's attorneys, it is
believed, will keep up their fight to
delay the case, but nothing but a
serious change for the worse in the
defendant's condition will prevent
a trial.

BROKE HIS NECK.

L. & N. Brakeman Fleets Instant
Death Near Nortonville.

Henry Lockett, an L. & N.
brakeman on the local run between
this city and Earlinton, fell from
his train Wednesday afternoon,
near Nortonville, and broke his
neck, death being instantaneous.

He was sitting on top of the cu-
pola of the caboose when the wind
blew off his hat and it is thought
that in making an effort to catch it
he fell.

Lockett was about 25 years old
and unmarried. His home was in
Henderson. He served in the
Spanish-American war, and on re-
turning engaged in railroad work.

FIGHT WITH A BIRD.

Young Lady's Encounter With a
Hungry Hawk.

Miss Ollie Carter, of Pee Dee, had
an exciting encounter with a big
hawk Wednesday. Hearing a
commotion among the chickens she
went out and found that the hawk
had caught one too large to fly
away with and was on the ground
with it. She bravely caught the
hawk, when it closed its claws
upon her hand. With great
presence of mind the young lady
ran into the house still holding the
bird and her mother caught it by
the head and helped to kill it and
released Miss Carter's hand. Her
injury is painful but not serious.

FLORIDA'S ORANGE CROP.

Prospects That It Will Be Larger

Jacksonville, Fla., Oct. 9.—Well
informed railroad men and fruit
growers say Florida's coming or-
ange crop has prospects of being
larger than any year since 1884.
Fully 1,000,000 boxes will be ship-
ped. The fruit is selling fast at
\$2 per box on the trees.

HONEY BEE.

Good News For Our Readers

Who have scrofula taints in their blood, and who are not? Scrofula in all its forms is cured by Hood's Sarsaparilla which thoroughly purifies the blood. This disease, which frequently appears in children, is greatly to be dreaded. It is most likely to affect the glands of neck, which becomes enlarged, eruptions appear on the head and face, and the eyes are frequently affected. Upon its first appearance, perhaps in slight eruptions or pimples, scrofula should be entirely eradicated from the system by a thorough course of Hood's Sarsaparilla to prevent all the painful and scrofulous consequences of running scrofula down which drain the system, sap the strength and make existence utterly wretched.

WONDERFUL OLD WOMAN.

Although Over 120 Years of Age, Mrs. Beausieu, of Fond du Lac, Wis., is Still Active.

Mrs. Josephine Beausieu, who, it is believed, is the oldest woman in America, has been a resident of Fond du Lac, Wis., for the past 40 years. It is claimed that she is 120 years old. She was born in France, she claims, in 1780. When a young woman, she came to the Chicago Times-Herald, she went with her parents to Canada, where she was married to a man named Barcou, who died in the year 1840. Her second husband was Franklin Beausieu, by whom she had nine or ten children, and who died early in the '60s.

MRS. JOSEPHINE BEAUSIEU.
(Wisconsin Woman Who is Reported to Be 120 Years Old.)

At Bear Creek, Wis., to which place the family removed from Canada. The surviving children of Mrs. Beausieu are Oliver, of Bear Creek, Wis.; Samuel, of Verona, Wis.; Martin, of Rhineland, Wis.; Louis, of Sugar Bush; Mrs. Louise Pool, of Sugar Bush; Mrs. Martha Bird, of Fond du Lac, and Mrs. Elizabeth Bird, of Hebron, Porter county, Ind. Mrs. Beausieu is quite well preserved. Her sight is good and she is strong in body. She gets about the house and home of her son-in-law, Charles Bird, with noticeable agility, never makes a mistake, and does a great deal of the family housework. She has always lived a simple life, had only a fair education, and she says that she has done enough hard work to kill ninety-nine of the women of today. Mrs. Beausieu intended starting one day this summer for Hebron, Ind., for a visit with her daughter, who she claims is only 90 years old, but she was deterred on account of the extremely warm weather and postponed the journey for a time. She was to make the trip alone, and her ability to have done so is not doubted by anyone who knows her.

The treasury department has ruled that tips to sleeping-car porters are a legitimate traveling expense. Contract Nurse Sylvester E. Ackerman, who has been employed on the transport Missouri, was ordered to Brooklyn from the Presidio at San Francisco. Transportation and a sleeping-car section were furnished him. When he arrived, however, he charged the government 20 cents expense money, which he had spent on tips to sleeping-car porters. This raised the question whether such tips are legitimate expenses and, after long delay and much red tape, the comptroller of the treasury has ruled that the 20 cents should be paid.

Situation in the Philippines.

There is a variety of opinions contained in the letters from officers and others in the Philippines. A comment recently received from a prominent officer on duty for a time in Manila, one who has had usual opportunities for observation is worth reproduction. An extract from his letter is as follows:

The true situation in the Philippines is as follows:

The United States have no disinterested friends in the islands. The natives are all insurrectionists at heart. The friars are against us and our civilization. The natives are down on the friars, but are intensely religious. They love the pomp and ceremony of the church and they are full of superstitions. They are a quick, bright people, but lazy. They are not very truthful nor very honest. They are moral according to their customs. As in Japan, one can enter into the matrimonial state limited by making proper arrangements with the parents and the girl does not lose caste. They look down on common prostitutes.

The people are not addicted to drunkenness.

Our troops are scattered all over the islands. They fill the hearts of the natives with terror. In the little fight that are continually occurring, many natives are killed and our losses trifling. In one case, 100 natives killed and severely wounded and not a soldier touched. There are now rumors of uprising in Manila. In some localities where six months or more ago was quiet is now disquiet. I fear our troops are over confident, and that some small disasters may occur. Some think Aguinaldo is dead. Four or five of the most prominent officers are still at large, Macabulos, Alejandro, etc.

The development of the resources of the country, especially the building of railroads.

Firmness in dealing with the people: calling on those who who pretend to be loyal to show it by their acts and to defend themselves from the Ladrone.

A definite announcement of the United States on the church question.

No church interference in state affairs.

No state interference in church affairs.

Friars to have the same rights as, and no more than, other citizens before the law. Church property to be protected under the law just as other corporate property, and subject to taxation as in United States.

Supreme effort to spread the English language over the Islands, regardless of expense.

United States law and United States money to be the standard.

The above are just a few of the points that must be looked to before peace will be assured.

The stupendous problem that General Otis had to contend with cannot be realized, even faintly, by those away, and his masterfulness in dealing with it under conditions that would have crushed a less strong man.

A peculiarity of these people that is very important is their physical weakness. They cannot do a full man's work. You must let them work along in their own way, or they will not work at all. They are willing to receive small pay, but they will not do full work according to our standards. They are like the Caribbea in that respect. Just let him alone and the will "get there" after your horses and mules have broken down by the wayside.

LANDER SURRENDERED

Before the Colored Mob Overtook Him.

Horace Lander, the negro who shot and killed his "woman" in Brooklyn Saturday night, evaded a mob of colored people who pursued him to Metropolis. He arrived first and surrendered to the sheriff and was lodged in jail. The mob was in close pursuit and he had not resorted to this very sensible precaution he would doubtless been lynched. Lander is a Paducah negro and the shooting was caused by jealousy.

The woman was shot twice and either shot would have proven fatal.—Paducah News.

For Malaria, Chills and Fever

MAKES CHILDREN AND ADULTS AS FAT AS PIGS

THE BEST PRESCRIPTION IS

Grove's Tasteless Chill Tonic.

The formula is plainly printed on every bottle—hence you know just what you are taking when you take Grove's. Imitators do not advertise their formula knowing that you would not buy their medicine if you knew what it contained. Grove's contains Iron and Quinine put up in correct proportions and is in a Tasteless form. The Iron acts as a tonic while the Quinine drives the malaria out of the system. Any reliable druggist will tell you that Grove's is the Original and that all other so-called Tasteless Chill Tonics are imitations. An analysis of other chill tonics shows that Grove's is superior to all others in every respect. You are not experimenting when you take Grove's—its superiority and excellence having long been established. Grove's is the only Chill Cure sold throughout the entire malarial sections of the United States. No Cure, No Pay. Price, 50c.

OUR GLORIOUS COUNTRY.

Have you watched its marvelous growth? If not, The Weekly Enquirer wants to study the strides it has made. The first census of the United States was taken in 1790. Since then every succeeding ten years. The result has been as follows:

Year	Population	Year	Population
1790	3,929,881	1860	31,443,321
1820	9,833,822	1870	38,553,371
1830	12,866,020	1880	50,155,783
1840	17,063,422	1890	62,622,254
1850	23,191,876		

Here you have the figures of a basis of calculation. The problem now is: What will be the population of the United States, excluding recent acquisitions. The result is usually announced in July of the census year. The WEEKLY ENQUIRER is anxious to engage all in a study of their country. To this end it will distribute cash amounting to \$25,000, for solutions received of the population of the United States Census, as follows:

To the nearest correct guess received.	\$25,000.00
To the nearest 100,000	15,000.00
To the nearest 10,000	5,000.00
To the nearest 1,000	500.00
To the nearest 100	50.00
To the nearest 10	5.00
To the nearest 1	.50

In case of a tie, money equally divided.

Every guess on the above proposition must be accompanied by a year's subscription to the WEEKLY ENQUIRER.

You can guess as often as you care to inclose subscription price to the WEEKLY ENQUIRER.

This contest will close a month before the result of the census will be known and officially certified by the Director of the United States Census at Washington, D. C.

Subscription price for the WEEKLY ENQUIRER (including guess) is only \$1.00 a year. Eleven copies and eleven guesses for \$10.00. For full particulars see the WEEKLY ENQUIRER.

Supplementary registration in County Clerk's office October 29, 30 and 31.

One election bill has passed both houses and will become a law. It provides for opening the polls at 6 a. m. instead of 7 a. m., an hour earlier.

Wm. R. Merriam, Director of the Census, predicts that the census of 1900 will show the population of the United States to be 76,000,000. This is not an official forecast, but is the opinion of Mr. Merriam.

Yerkes wrote and reported the Republican platform endorsing Taylor's crimes at Frankfort. Does anyone doubt that Taylor's proxy is a fit representative of the party whose leaders are crowding the jails of Kentucky?

The vote of 1899 in Kentucky was 23,432 short of the vote of 1896. Add to this the natural increase and the vote this year should be at least 15,000 greater than in 1896. This would leave 40,000 silent and new votes to be accounted for from last year's figures, to say nothing of the changes in favor of Bryan and Beckham.

The editors of the Dispatch are now amusing themselves by writing open letters to each other. Editor Chas. I. Stewart notifies Editor Allen Carter that he has become a Socialist and will support Debs for President and offers to resign his position. Editor Carter in his reply intimates that political convictions of an editor of the Dispatch cut so little ice that it is not at all necessary for Editor Stewart to resign. The paper will continue to "support Bryan," while editor Stewart will vote for Debs and editor Carter himself will doubtless repeat his performance of 1896 and again vote for McKinley.

The work of purging the registration books of Louisville of persons illegally registered is now in progress and Judge Gregory is calling the floaters and repeaters to a strict accountability. About 3000 negroes will be cited to show cause why they should not be stricken from the books. Louisville is not the only place where there is complaint of fraud. It is charged that in Bowling Green many negro repeaters were registered by the Republicans, who threatened the Democratic officials with arrest and indictment if they were not allowed to register. In Lexington, it is said that Deputy United States Marshals were scattered about the city prepared to serve warrants on the Democratic officials if the negroes were not allowed to register whenever they demanded it. In this way the Democrats charge that many negroes got their names on the poll books who were not entitled to vote. In this city the registration was fairly conducted, but some illegal voters were registered. Among these are three ex-convicts and several negro boys not yet of age.

The last month of the campaign finds Bryan and Beckham occupying every advantage in the Kentucky fight. What the closing weeks of the campaign will bring remains to be seen. Democrats are becoming more confident every week and if their confidence is backed up by untiring work and ceaseless vigilance the majority for law and order will be overwhelming. Hanna's money is yet to be turned loose and every device of desperate and despairing defenders of assassination must be met and defeated. Democrats owe it to the women and children who appeal to them for protection, to save the State from another reign of corruption, crime and anarchy, that would follow the restoration to power of the Republican party.

The plan of the Republicans to make a scapegoat of Youtsey has evidently been changed and a feeble attempt to prove his innocence is being made. They evidently fear the statements Youtsey is expected to make on the stand. Youtsey is undoubtedly deep in guilt and the only chance he has to save his neck is to make a full confession when he takes the witness stand, and throw himself upon the mercy of the jury and court.

Col. D. G. Colson, one of the mountaineers who went to Frankfort with the army of intimidation and left with three dead men to his credit, is on the stump for the assassination ticket and is making some very bloodthirsty remarks. This is the man that Gov. Goebel called upon in person and treated with kindness while he was disabled from wounds received in the Capital Hotel encounter with Colson.

Two months ago Miss Vita Mulkey, a reigning belle of Metropolis, Ill., was secretly married to Edward Passo, a Texas ranch owner. A public wedding was to have taken place Oct. 3, but before the date arrived the bride confessed to her father that she had already been married for two months and instead a wedding she wanted a divorce. Of course the announcement caused a big sensation.

The Kentucky Senate and House have passed House Bill No. 19, containing the nonpartisan features of an election law. It makes few changes in the present law, the most important being that the voter shall stamp in a circle instead of a square, that paper for ballots will be furnished by the Secretary of State, and that ballots shall be preserved after they have been counted.

Mr. Bryan made sixteen more speeches in Illinois Tuesday, beginning the day's campaigning at Quincy at 8 o'clock and closing at Joliet at night. At Peoria he spoke twice. The crowds were generally large, especially at Quincy, Peoria and Joliet.

Col. Breckinridge is billed as one of the Roosevelt party in Kentucky. This indicates that the trip from the depot to the Tabernacle in this city to-morrow will be made in a closed back.

Taylor evidently understands the cynicism of Yerkes on the subject of pardons. He says he will return to Kentucky if Yerkes is elected.

Rheumatism

What is the use of telling the rheumatist that he feels as if his joints were being dislocated? He knows that his sufferings are very much like the torture of the rack. What he wants to know is what will permanently cure his disease.

That, according to thousands of grateful testimonials, is **Hood's Sarsaparilla**. It corrects the acidity of the blood on which the disease depends, strengthens the stomach, liver and kidneys, and builds up the whole system. Try Hood's.

Mr. Bryan had a day of fine weather in Michigan Wednesday and was greeted by a succession of good crowds. Open air meetings were the rule, and sixteen speeches were made during the day. Two speeches were delivered at Grand Rapids, where the day's tour was closed.

The total registration in Henderson is 2108, a decrease from 1896 of 215, with the supplementary registration to come. The Democratic gain is 75 and the Republican loss 129. The Republican majority in the city is reduced to 57.

At Seymour, Ind., W. S. Taylor invited the audience to ask him questions and a man knocked him out in the first round by asking: "Who killed Goebel?" Taylor turned red and sat down.

The Court of Appeals has decided that South Trimble is the legal and rightful Democratic nominee for congress in the Seventh district. Moody's name will not go on the ballot.

Mark Hanna's Franklin iron furnace and Clinton iron mines have been ordered shut down. Four hundred men are thrown out of work.

Attorney General Breckinridge has given the opinion that the Democratic emblem should appear first upon the ballots.

Weaver, the "strolling barber," has been indicted by the Scott county grand jury for false swearing.

R. P. Stall, of Lexington, is the Republican nominee for Congress in the Seventh district. Trimble's majority will be not less than 3,500.

Nothing has been done at Frankfort and there is almost no prospect of agreement between the two houses.

Former President Benj. Harrison declines to make speeches for McKinley and says he is out of politics.

It takes Joe Blackburn to stir up the Republican animals.

OCTOBER 25

Date of Fireworks Festival at Mercer Park.

The date of the fireworks at Mercer Park has been definitely decided upon for the evening of October 25 and it goes without the saying that the little folks as well as the old ones for many miles around will be on hand to witness this grand attraction. An elegant and lengthy program has been arranged and will be carried out in full.

The Mother Goose figures will delight the children and the bombardment of Manila will be very brilliant. There are thirty additional entirely new numbers on the program which have not yet been published, all of which will be well worth seeing. The occasion will be a rare treat to the citizens of Hopkinsville and Christian county and Mr. Mercer shows great enterprise in again giving the public an opportunity of witnessing such a pyrotechnical display as is billed for Oct. 25.

DAGG-BLACKWELL.

Mr. and Mrs. Branch Archer Blackwell, of Henderson, have issued cards announcing the approaching marriage of their daughter Miss Adrienne Priest Blackwell to Mr. James Horsley Dagg, of Hopkinsville. The wedding will take place at the First Presbyterian church at Henderson at 3 o'clock Wednesday, Oct. 24th. The announcement will be a pleasant surprise to Mr. Dagg's friends in this city.

The father? Gone for the doctor. The mother? Alone with her suffering child. Will the doctor ever come? When there's a croup in the house you can't get the doctor quick enough. It's too dangerous to wait. Don't make such a mistake again. Always keep on hand a dollar bottle of

**Ayer's

It cures the croup at once. For bronchitis, whooping-cough, hoarseness, asthma, pleurisy, weak lungs, loss of voice, and consumption, there is no remedy its equal. A 25c. bottle will cure a miserable cold; the 50c. size is better for a cold that has been hanging on. But the dollar bottle is more economical in the long run.

THE COLORED VOTERS.

Apathetic and Republican Vote At Henderson Comes Up Short.

Henderson, Ky., Oct. 9.—There is rejoicing at Democratic headquarters to-night over the fact that the registration books show a falling off of Republican voters of more than two hundred, as compared with 1896, and that is due to a very patent apathy among the colored voters. Despite the fact that Republicans here have been busy among the negroes urging them to register, and in some instances, it is believed, securing their rent to prevent removal from one precinct to another, there is a decided falling off in this category. Conservative estimates place Bryan's majority in Henderson at 1,500, an increase of 250 over 1896.

ONLY HALF

The Forty Per Cent. Due Teachers to Be Paid.

Frankfort, Ky., Oct. 9.—On Saturday next the county school teachers throughout Kentucky will receive but one-half of the 40 per cent. of the school fund due to be distributed among them on that day.

This failure is the direct result of the action of the Republican State officials last year in declaring a school per capita of \$2.70. The fixing of the per capita so high, which was done for campaign purposes only, resulted in a deficit of \$130,000, which was due the city schools of the State and not paid them. The deficit State Superintendent McKesney found when he came into office, and acting on the advice of the Attorney General, he made no provision to pay it. Mr. Breckinridge taking the position that the school fund of one year could not be used in paying the deficit of a former year. The school per capita for 1900 was accordingly fixed at \$2.45. As will be recalled, the Louisville school officials took the matter to the courts and the Court of Appeals ruled that the money to meet the deficit must be taken from this year's fund before any other warrants were drawn on it. The per capita having already been fixed at \$2.45, before the decision was announced, and contracts made under it, it could not be changed. The \$130,000 was paid out of the fund in accordance with the decision of the court, almost exhausting it and making it impossible for the State Superintendent to meet the first assessment of 40 per cent. due the teachers on the second Saturday of October.

McKesney's Letter.

In order that the teachers may thoroughly understand the matter, Superintendent McKesney has addressed a letter to each County School Superintendent in the State, explaining the failure of the Commonwealth to meet the obligation and requesting him to make it clear to the teachers. The letter reads:

State of Kentucky, Office of Superintendent of Public Instruction, Frankfort, Oct. 9, 1900. To County Superintendents: Under a recent decision of the Court of Appeals, the deficit of over \$130,000 yet due certain cities on last school year must be paid out of the fund of the present year, and must be paid before any other warrants are drawn. The payment of this will make it impossible to pay you the 40 per cent. now due. You will please explain to your teachers that the per capita was declared too high last year. Very respectfully,

H. V. MCKESNEY.

Supt. of Public Instruction.

Next Year's Per Capita.

The teachers will this year only suffer from delay, as they will be paid all of the \$2.42 per capita, but at the end of the present year there will still be a deficit of \$130,000. This will have to be met next year by reducing the per capita, perhaps as low as \$2.30. Thus the teachers of the year 1901 will have to suffer for the acts of the Republicans in giving teachers of 1899 such an enormous per capita in order to make a good showing in the campaign year.

DEATH RESULTED.

Accident to Popular Railroad Conductor Proved Fatal.

Capt. Thos. Browning, the L. & N. freight conductor who had one of his feet badly crushed by the cars in the yards here about two weeks ago, died Saturday night at his home in Earlington. Shortly after the accident Capt. Browning was taken to Earlington and it was then thought that amputation of the member would probably not be necessary. The wound grew worse, however, and on last Friday the leg was taken off just below the knee. Blood poisoning had set up and death followed in about twenty-four hours after the operation.

Capt. Browning was about 45 years old and leaves a wife and two daughters. He had been in the service of the L. & N. for a number of years and was one of the company's most valued employees.

ROOSEVELT'S SLANDERS

Drive Colored Leaders To The Support of Bryan.

The following verbatim extracts are taken from an article written by Theodore Roosevelt for Scribner's Magazine for April, 1899, page 434:—

"I was with Henry Bardshar, running up at the double, and two Spaniards leaped from the trenches and fired at us, not ten yards away. I closed in and fired twice, missing the first and killing the second."

"Page 436:—
"None of the white regulars or Rough Riders showed the slightest sign of weakening; but under the strain, the colored infantrymen (who had none of their officers) began to get a little uneasy and drift to the rear, either helping wounded men, or saying that they wished to find their own regiment. This I could not allow, as it was depleting my line; so I jumped up and walking a few yards to the rear, drew my revolver, halted the retreating soldiers and called out to them that I appreciated the gallantry with which they had fought and would be sorry to hurt them, but that I should shoot the first man who, on any pretense whatever, went to the rear. My own men had all sat up and were watching my movements, with the utmost interest; so was Captain Howze. I ended my statement to the colored soldiers by saying: now I shall be very sorry to hurt you; you don't know whether or not I will keep my word; whereupon my cow punchers, hunters, and miners solemnly nodded their heads and commented in chorus, exactly as if in a comic opera: 'He always does, he always does.'"
"This was the end of the trouble for the smoked Yankees, as the Spaniards always called the colored soldiers, flashed their white teeth at one another, as they broke in broad grins, and I had no more trouble with them, they seeming to accept me as one of their own officers."

Mr. J. Milton Turner, former U. S. Minister to Liberia, and a Republican orator and organizer of national influence and reputation, has announced his intention to take the stump for Bryan. Mr. Turner says that the negro soldiers who served during the war with Spain acutely resented Col. Roosevelt's declarations that he had to drive the niggers back to their duty at Juan Hill. Mr. Turner is organizing a club of negro Spanish war veterans to defeat Roosevelt.

Hon. John L. Waller who was U. S. consul to Madagascar under President Harrison, and later a Captain in the 23rd Kansas Volunteers, which did valiant service in the war with Spain, is one of the leading colored men in this country. He stumped the U. S. for eight years under the auspices of the Republican National Committee and was considered one of the most efficient orators. Writing to a friend in Indianapolis under date of Aug. 20, he says: "I have just read Col. Bryan's masterful effort at Indianapolis—his speech accepting the Democratic nomination for President of the U. S. His speech will read well beside those of the great Lincoln. Set me down for William Jennings Bryan."

ABOUT TOBACCO.

Nothing Doing on Local Market—Loose Buyers Ready.

On account of the scant stock of the weed on hand there were no sales on the local market, either public or private, this week, and therefore nothing to report. Loose buyers are making active preparations to enter the field, but, as yet, we have heard of no purchases being made in this section. The crop has been cured in very good shape and will shortly begin to move.

GEO. R. WENDLING.

In His New Lecture "Mirabeau and French Revolution."

Above is the title of Geo. R. Wendling's latest lecture.

Mr. Wendling has achieved remarkable success on the American platform. Wherever beautiful sentences charm the ears, and sublime and classic oratory stirs the souls of men and women, he is sought and listened to with growing admiration each recurring season.

The following press comments are but samples of many:

"A grand triumph; surpassed even in the highest expectations. When he had finished speaking the crowd literally went wild with enthusiasm.—Atlanta Constitution.

"Popular in conception, scholarly in achievement, grand in effect. By the power of his discourse he transported his listeners from the quiet atmosphere of a lecture room to the restless agitation of a nation's upheaval."—Minneapolis Tribune.

"Aside from its tremendous lessons and its great dramatic and oratorical power, it is, as a work of art, superior in skill and finish to any lecture ever heard in this city.—Johnstown, N. Y. Republican.

THOMPSON & BASSETT.

Monuments.

It is nonsense to believe that you can buy of some agent as
cheap as you can of your home shop, where you get the best
marble and granite at the lowest possible price. If you will
call and see our work and get our prices you will find yourself
well paid for the trouble. Yours truly,

W. H. SHANKLIN,

SUTTON

THE TAILOR,

Begs to announce to the people
of Hopkinsville that he soon
will inherit a large fortune from
England, and that he wont have
to work much longer, but to
keep myself in practice I will
clean and repair, and put velvet
collars on overcoats, &c., so I
will not forget the trade. I
served 7 years to learn and 25
years experience, besides all work
will be done gratis until the 1st
of January. It is foolishness
to advertise, I am going to quit.

KILLED TWO HOGS.

Thieves Slaughter Swine For Tom
Winfree Near Herndon.

Thieves killed two fat porkers be-
longing to Mr. Thos. Winfree, of
near Herndon, Wednesday night,
and carried them off. The hogs
were in a pen and were killed with
a club and then bled. There was
a trail of blood left along the road
for some distance and it is thought
that the thieves came from the Flat
Lick country, as the porkers were
taken in that direction.

"All is Not Gold That Glitters"

And all is not tailoring that sells
for tailoring. The new fall suits
now being turned out by Walter A.
Ward have the true tailoring stamp
about them. We don't know as they
cost any more than the ill-fitting sort
of clothes, but they occur to, because
they look it. Mr. Ward has a mag-
nificent line of new fall suitings and
over coatings. Call on him at No.
